nscc
Capstone Project

Location:	Remote (Teams meeting)
Date:	25/01/2022
Time:	10:45 AM

Attendance

Matt Taylor

Nicki Backman Taylor

Ethan Farrell

Sharique Mulla

Tolga Mungan

Agenda Items

- All Requirements
- What data will be used to determine if the program is right for the applicant.
- What do they want it to look like?
- Will this be deployed on an existing website/server?

Action Items

1. Discussed workflow of the application
2. Need admin panel to be able to add/update/delete courses
3. Discussed about fast-track courses

Notes

1. Developing a web application where an applicant can create a customized multi-semester course map for the entire program.
2. The course map must be exported as a CSV
3. The data collected from the applicant should not be stored into the database
4. First draft of decision tree will be provided by the end of Friday – Jan 28, 2022
